

GLUCARE™

HEALTHY BLOOD SUGAR SUPPORT

Live smart... with GluCare™, the product that helps you maintain healthy blood sugar levels. Your cells use glucose to create energy, so a glucose imbalance can lead to the breakdown of essential body functions.* To maintain healthy glucose levels, exercise regularly, reduce your consumption of sugar, eat three nutritious meals a day – and take GluCare™.

How does GluCare™ work? By combining Chromium GTF (glucose tolerance factor), Vitamin B-12 the trace minerals zinc and vanadium, the major mineral magnesium, the amino acid L-carnitine and L-glutamic acid.*

GluCare™ also contains EnZact 77k™, our exclusive enzymatic activation and delivery system, and herbal support from Glucomannan and Gymnema Sylvestre adds further power. The formula also contains Caucasian Blueberry leaf extract with chlorogenic and hydroxycinnamic acid.
